Explanatory Note

In April the Credentials Committee invited authorities to apply for accreditation on a standard form devised for the purpose. Applications were received in May and June and assessed by the Committee in June and July. The form solicited information about each

authority's compliance with the conference accreditation principles. In accordance with rule 4 of the Rules for the Credentials Committee, and clause 1 of the Addendum to the Guidelines and Procedures of the Conference Resolutions, the resolution sets out recommendations for the accreditation of authorities to participate in the International Conference under appropriate classifications. The Resolution and the names of the countries, territories and authorities are given in English. Where an authority has a title in a language other than English this is given in brackets (where known).
