4. Description of the initiative

- a. Please provide a brief summary of the initiative (no more than 75 words):

INFOEM became an Assessment and Certification Entity of Labor Competences before the National Council for Standardization and Certification of Labor Competences, with the **STANDARD "GUARANTEE THE RIGHT TO THE PROTECTION OF PERSONAL DATA"**

The main purpose is to serve as references for the evaluation and certification of the head of transparency units in the State of México, besides complying with the law, INFOEM certifies the public servants that treats Personal Data and guarantees Access to Information.

- b. Please provide a full description of the initiative (no more than 350 words):

Infoem was accredited as an **Assessment and Certification Entity of Labor Competences** before the National Council for Standardization and Certification of Labor Competences on July 11, 2018, for which INFOEM has the authority to develop, implement and operate the evaluation and certification of competencies based on the competition standard model, in order to professionalize the Heads of Transparency Units at the State of Mexico, thereby guaranteeing access to public information, transparency and protection of personal data.

Currently, the Institute is evaluating with the Competition Standard 1057 "Guarantee the Right of Access to Public Information" and has already developed and presented before CONOCER the **Standard of Competences** for the "Guarantee of the Right to the Protection of Personal Data", on July 2019, will be published in the Official Gazette of the Federation.

The elements that make this initiative innovative and unique in its kind, is that in addition to complying to a legal order, it encourages the efficiency and effectiveness of public servants who are responsible for the treatment of personal data, which implies recognizing that to achieve this, it is essential to have technical knowledge and expertise.

The development contemplates the individual and specific functions that a Head of a transparency unit must perform to guarantee an adequate protection of personal data in accordance with the Law of Protection of Personal Data in Possession of Obligated Subjects of the State of Mexico and Municipalities; training and evaluating the competences related to knowledge, know-how and knowledge-being; that is, a process of theoretical and practical evaluation is recognized that allows administrators to protect, give adequate treatment and effective security to the personal data of the users of the services offered by the obligated subjects of the entity.

For INFOEM evaluating to certify the competences of the public servants means providing quality services, security, credibility and tranquillity to people in the exercise of their right to the protection of personal data.

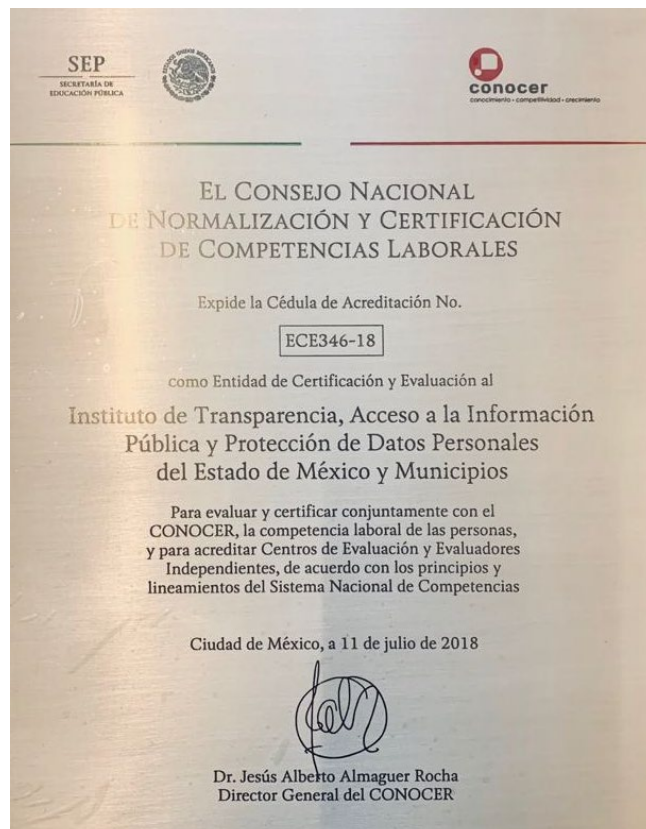

- c. Please explain why you think the initiative deserves to be recognised by an award (no more than 200 words)

INFOEM is one of the only 2 entities in México that has all the procedure to evaluate and certify the Head of every Transparency Unit in State of Mexico and Municipalities.

There are 333 obligated subjects that have to guarantee the good practices on the rights of Data Protection and Access to Public Information to more than 17 million habitants in the State.

In order to achieve this certification, Infoem and CONOCER, Consejo Nacional de Normalización y Certificación de Competencias Laborales (National Council for Standardization and Certification of Labor Competences) have worked together so that public servants are able to guarantee they are perfectly qualified to treat personal information and guarantee the knowledge on the treatment of Data and ARCO rights as well as Access to Information procedures.
